| Internship- Implementation of CSRD (Corporate Sustainability Reporting Directive) |
|--|

Job description:

We are looking for a motivated student to join our team on an assignment dedicated to the implementation of CSRD. This position offers an excellent opportunity to gain practical experience in sustainability and reporting, while contributing to the sustainable transformation of our company.

Main tasks :

1. Analysis of CSRD requirements :

- Study and understand the requirements of the CSRD directive and their impact on our organization.
- Identify the data and information needed to comply with new regulations.

2. Data collection :

- Collaborate with the various teams (finance, operations, human resources) in France, Germany and the UK to collect relevant data.
- Ensure the quality and integrity of data collected.

3. Reporting:

- Participate in the drafting of sustainability reports in accordance with CSRD requirements.
- Contribute to the creation of communication documents on the company's sustainability initiatives.

4. Awareness-raising and training :

- Help set up awareness-raising sessions for employees on the importance of sustainability and CSRD requirements.
- Participate in the development of training materials.

5. Monitoring and continuous improvement :

- Contribute to the establishment of performance indicators to track the progress of sustainability initiatives.
- Propose recommendations to improve sustainability practices within the company.

Profile required:

- Student in business or engineering school, or related field.
- Strong interest in sustainability and corporate social responsibility issues.
- Good written and oral communication skills. (English, French, German as a plus)
- Ability to work independently and as part of a team.
- Proficiency in office automation tools (Excel, Word, PowerPoint).

Conditions:

- Type of contract: Internship or student assignment in 2024 / 2025
- Duration: 6 to 12 months, end-of-study internship type.
- Location: mainly in Brittany, with travel to Germany and the United Kingdom

If you are passionate about sustainability and would like to contribute to a meaningful project, please send your application to j.thibierge@omnipacgroup.com.
