

# TAILORED SOLUTIONS

*Please contact us with your project !*

**Eco-friendly Designs that will exceed your expectations!**

# NATURAL FIBRES FOR INDUSTRIAL AND HORTICULTURE SECTORS

## ADVANCED TECHNOLOGY

Utilising the most innovative technology available, we offer you the opportunity to stand out from your competitors by creating bespoke tailored solutions specific to your product and needs.

## USE WHAT NATURE PROVIDES

Wherever you are located, the OmniPac Group will design and deliver a moulded fibre solution that will encompass the circular economy, as the fibres used are natural and recyclable, making OmniPac Group solutions a great solution to preserve the natural world!

We are specialists in Moulded Fibre Packaging, offering environmentally friendly, recyclable and compostable solutions for Industrial, horticulture and retail applications for the safe transport and protection of your products.

### QUALITY STANDARDS

We work to the highest standards with perfectly managed and audited procedures, forging Omni-Pac Group reputation as a true world leader for environmentally friendly packaging solutions.

#### Our factories are:

**ISO 9001 certified** for their organisation,

**BRCGS** for safety,

**FSC®** for responsible management of fibre as a natural resource.

### MATERIAL SPECIFICATION

Our products are made from sustainable fibres making the Omni-Pac Group **THE NATURAL CHOICE**

### OPTIMUM PROTECTION

Throughout the supply chain, right through to the consumer, our moulded fibre solutions guarantee maximum protection for even the most delicate of products, with outstanding shock absorbing properties. Moulded fibre products are also stackable, utilising less space than less environmentally friendly solutions such as EPS and foam.

# OUR INDUSTRIAL EXPERTISE

We design and manufacture solutions for industrial and IT sectors offering optimal protection, keeping your products safe at all times.

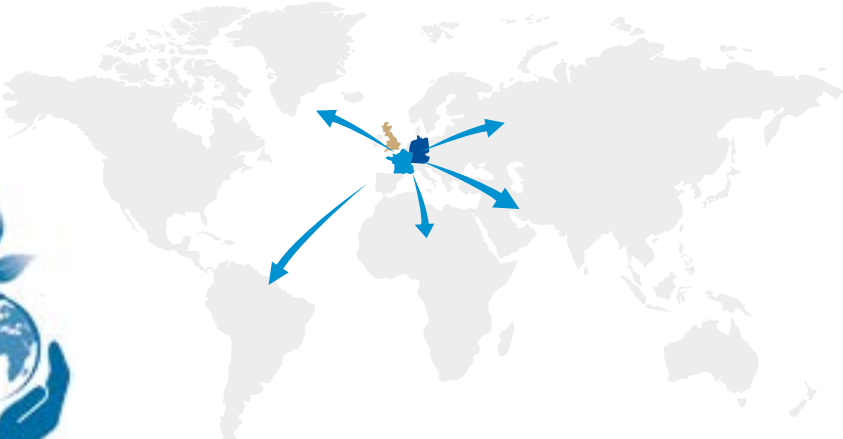

## OMNI-PAC GROUP OVERSEAS

We believe that environmental solutions have no borders and we are happy to say that we currently provide moulded fibre packaging and hygiene solutions in over 50 countries. Wherever you are located, our solutions are here for you.

**ACT NOW!**

For horticulture, Omni-Pac Group manufacture a wide range of transport trays for the safe transit and protection of plant and flower pots.

**PRESERVING LIFE AND THE PLANET**
