

POULTRY RANGE

Eco-friendly packaging solutions

NATURAL FIBRES FOR THE POULTRY SECTOR

A COMPLETE PORTFOLIO TO MEET ANY CUSTOMER NEEDS

Select the right type of packaging

FOR TRANSPORT

Trays

- dedicated for transporting eggs
- 9 references
- the widest range on the market: a solution fits to each clients' needs

Lids

- protection for eggs on the last tray
- 3 references can fit 7 trays

FOR COMMERCIALISATION

Family packs

- used for packing eggs and can be used in addition to a labelled lid
- a wide range: 12 references, from 6 to 30 eggs
- economic solutions

Egg cartons

- personalized solution either with label or with direct printing, depending on model
- communication on 1 or 3 faces, depending on model
- 7 references

What criteria to find the right solution

Number of eggs

6, 10, 12,...

Caliber of eggs

S / M / L / XL

Product dimensions

Length x width x height in mm

Bundle

Nb of products / bundle

Colours

grey / blue / yellow / green / brown / pink, on demand

Use what nature provides

The fibres used are natural and recyclable. By using Omni-Pac solutions, you will also help preserve the natural world!

CDL Omni-Pac offers a large poultry portfolio for each stage of the distribution channel to support and expand eco-friendly behaviours in this market: from egg collection to consumption. Our graphic team can also work by your side by enhancing the idea of «attractive ecology».

RECOGNISED QUALITY

A unique and perfectly managed procedure that has forged Omni-Pac Group's reputation for very high quality solutions.

Our factories are certified:

ISO 9001 certified for their organisation

BRC for food safety

ISO 50001 certified : 2018 for Energy Management System

FSC® for responsible management of fibre as a natural resource.

ELABORATE DESIGN

Our packaging is made to protect and highlight your products. Many retail units and options are available: renewed design, colours, personalized labels or direct printing.

OPTIMUM PROTECTION

Throughout the supply chain and right up to the consumer, the moulded fibre guarantees maximum protection for products, even the most delicate ones. It has impact and vibration absorption properties. With it, we can manufacture solid packaging that is easy to use with industrial machines.

IMMEDIATE GAIN

Because we continually improve the packaging process to face the fluctuating transport costs, Omni-Pac Group's solutions offer an economic attractiveness.

OMNI-PAC GROUP OVERSEAS

We believe that environmental solutions have no borders and we are happy to already provide our moulded fibre packaging and hygiene solutions in over 50 countries. Wherever you may be, our solutions are here for you.

These 9 solutions are convenient for uncalibrated eggs (Nuni+ and C Uni+) and for wholesalers.

LIDS

Save space and preserve the planet by using our lids.
