FOOD RANGE

Ecofriendly packaging solutions

OMNI-PAC
GROUP
The natural choice

NATURAL FIBRES FOR THE FOOD SECTOR

OUR ADVICE FOR CHOOSING YOUR SOLUTION

PRODUCT TYPES

- **Berigard and MP**
  Ideal for protecting delicate fruit and vegetables
- **Frutil, ComPackTray®, 50x30 and CargoTray®**
  Specially designed to stall and showcase fruits and vegetables
- **Foodtainer**
  The most multifunctional and ergonomic of Omni-Pac Group containers
- **ProFresh®**
  The only solutions made from FSC®-certified virgin fibres, suitable for wet and greasy food contact (butchery, fish, cheese and pre-prepared ranges). Absorbent liners available if required.

YOUR NEEDS

- Size of the fruit or vegetable: diameter and weight
- Dimensions: L x W x H in mm
- Personnalization: printing on the container (depending on the model) or biofilm, colour.

USE WHAT NATURE PROVIDES

The fibres used are natural and recyclable. By using Omni-Pac Group solutions, you will also help

As expert in moulded fibres, Omni-Pac Group puts all its expertise at the service of the food industry, for the transport, storage and sale of your products.

We have solutions in recycled paper, suitable for dry food contact (fruits and vegetables) and virgin fibre solutions suitable for wet and greasy food contact (meat, fish, cheese, cut fruits and vegetables).

The entire range is FSC® certified. Depending on the model, our products can be dyed, printed and wrapped in a biofilm with your company logo.

RECOGNISED QUALITY

A unique and perfectly managed procedure that has forged Omni-Pac group's reputation for very high quality solutions.

MAXIMUM STORAGE

Natural fibre absorbs moisture to reduce any product alteration. The products can also breathe better thanks to the packaging pores.

Our factories are:

Certified ISO 9001

ISO 9001 certified for their organisation,

BRCGS

BRC for food safety,

Certified ISO 50001

ISO 50001 certified : 2018 for Energy Management-System

Discover our products FSC® certified

FSC® for responsible management of fibre as a natural resource.

OPTIMUM PROTECTION

Throughout the supply chain and right up to the consumer, the moulded fibre guarantees maximum protection for products, even delicate ones. It has impact and vibration absorption properties. With it we can manufacture solid packaging that is easily stackable without damaging the products. Non-slip surface

Multifunctional, Foodtainer solutions are adapted to small and large products (green beans, peppers, etc.).

Foodtainers showcase the product as it is clearly visible.
